PART 2: This part must be accomplished by the Nominating Party (I) and by the Nominee (II).

I. Statements of Support from the following:

a. Nominating Organization / Individual:

FSUPT SARADAIN's leadership has been transformative and inspiring. His forward-thinking approach and dedication to enhancing both infrastructure and human resources within the fire service reflect a commitment to long-term community safety and development. His initiatives in building capacity, fostering partnerships, and engaging in community service showcase a well-rounded and impactful leadership style. By addressing immediate needs and setting the stage for future improvements, FSUPT SARADAIN exemplifies the ultimate qualities of visionary leadership and community-centered action.

Julkipli T. Ahijon, Jr.
PDRMO - Sulu

b. Other organization (e.g. community organizations, private sector groups, etc.)

FSUPT SARADAIN's leadership and dedication have been instrumental in our organization's success. His pivotal role in establishing the Emergency Medical System in Jolo, Sulu, and achieving nationwide recognition with the TAYO and Coke Barkada Awards underscores his exceptional commitment and service. His efforts have also been crucial in securing the GAWAD KALASAG award, reflecting his profound impact on enhancing community resilience and safety. FSUPT SARADAIN's contributions are a testament to his unwavering commitment to excellence and service.

Jolo Emergency Rescue Network, Incorporated
TAYO National Winner

The statement of support must respond to the following:

c. What leadership qualities has the nominee exhibited in the community? Describe the impact that the nominee has had in your community. (Please cite examples)

FSUPT SARADAIN has demonstrated remarkable leadership qualities through a combination of vision, collaboration, and community-oriented initiatives. His leadership is evident in the following ways:

1. Visionary Leadership: FSUPT SARADAIN spearheaded the construction of a 3-story fire station (Jolo Fire Station Building), showcasing his ability to envision and execute long-term infrastructure projects that significantly enhance the community's safety and emergency response capabilities. This new facility has likely provided firefighters with better resources and the community with quicker and more efficient fire and emergency services.

2. Commitment to Capacity Building: By introducing the skills-sharing and "Adopt a Colleague: A Driving Tutorial Program" for learning how to drive, FSUPT SARADAIN emphasized the importance of continuous learning and peer-to-peer mentoring. This initiative has had a profound impact on the professional development of firefighters, enabling many of them to acquire essential driving skills necessary for operating fire trucks and emergency vehicles, ultimately improving their effectiveness in emergency situations.

3. Partnership and Collaboration: FSUPT SARADAIN's strategic partnership with TESDA to provide training on electrical safety installations to firefighters demonstrates his commitment to enhancing the technical skills of his team. This collaboration not only improved the competence of the firefighters but also contributed to the overall safety of the community by reducing the risk of electrical-related fires.

4. Community Engagement and Service: His activation of six (6) other municipal fire stations in Sulu is a testament to his dedication to expanding fire protection services across the region. This effort has increased the reach of fire safety and emergency response services, ensuring that more communities are protected and supported during emergencies.

5. Advocacy for Health and Environmental Initiatives: FSUPT SARADAIN's role in drafting the Regional Directive on Regular Blood Letting and Tree Planting or Growing Program highlights his broader vision for community well-being. The bloodletting initiative has likely saved lives by ensuring a steady supply of blood for emergencies, while the tree planting program contributes to environmental conservation and sustainability.

HONORING BRAVERY. CELEBRATING HEROES.

Bureau of
Fire Protection

6. Youth Empowerment and Community Leadership: As the Corporate Secretary and Incorporator of the Jolo Emergency Rescue Network, Inc., an awardee of the Ten Accomplished Youth Organizations (TAYO), FSUPT SARADAIN has played a crucial role in empowering young people and fostering a culture of volunteerism and community service. His leadership in this organization has likely inspired many youths to engage in meaningful community service, further strengthening the fabric of the community.

In summary, FSUPT SARADAIN's leadership has had a profound impact on the community, from enhancing emergency response capabilities and professional development of firefighters to fostering partnerships, advocating for health and environmental initiatives, and empowering the youth. His actions have not only improved the immediate safety and well-being of the community but have also laid a strong foundation for its continued growth and resilience.

d. What are the nominee's projects/community involvements? How do these projects affect the community?

FSUPT SARADAIN's projects and community involvements demonstrate a commitment to enhancing public safety, professional development, and community welfare. His initiatives include:

1. Construction of a 3-Storey Fire Station: FSUPT SARADAIN was instrumental in the construction of a new, three-story fire station, significantly improving the infrastructure for fire and emergency services in the community. This facility likely enhanced the operational efficiency of firefighters, providing them with better resources and space to conduct their duties, which in turn leads to quicker response times and improved safety for the community.

2. Skills Sharing and "Adopt A Colleague: Driving Tutorial" Program: He introduced a skills-sharing initiative where firefighters learn from each other, particularly through a "Adopt a Colleague" system for driving. This program has had a substantial impact by equipping many firefighters with essential driving skills necessary for emergency response, ensuring that more personnel are capable of operating fire trucks and other emergency vehicles, which is critical during urgent situations.

3. MOU with TESDA on Electrical Safety Installations: FSUPT SARADAIN facilitated a Memorandum of Understanding (MOU) with TESDA to provide training on electrical safety installations and maintenance NCII to firefighters. This project not only enhanced the technical capabilities of the firefighters but also had a direct impact on community safety, reducing the risk of fire incidents caused by electrical faults and ensuring that firefighters are better prepared to handle such emergencies.

4. Activation of Six Municipal Fire Stations in Sulu: His efforts to activate six (6) additional municipal fire stations across Sulu have expanded the reach of fire protection services. This initiative ensures that more remote and underserved areas receive timely fire and emergency response services, significantly improving the overall safety and security of the community.

5. Regional Directive on Blood Letting and Tree Planting Programs: FSUPT SARADAIN was responsible for drafting a regional directive promoting regular bloodletting activities and tree planting or growing programs. The bloodletting drives contribute to the community's health by ensuring a steady supply of blood for medical emergencies. Meanwhile, the tree planting initiative supports environmental sustainability, improving air quality, and promoting ecological balance.

6. Corporate Secretary and Incorporator of Jolo Emergency Rescue Network, Inc.: As a key figure in the Jolo Emergency Rescue Network, Inc., which was recognized as one of the Ten Accomplished Youth Organizations (TAYO winner), FSUPT SARADAIN has played a significant role in mobilizing and empowering the youth in emergency rescue operations. This involvement not only strengthens community resilience during disasters but also fosters a sense of responsibility and civic engagement among young people.

7. Lecturer and Reviewer in Shariah Law Training: FSUPT SARADAIN also serves as a lecturer and reviewer in Shariah Law Training hosted by the National Commission on Muslim Filipinos. This role demonstrates his commitment to educational and cultural initiatives, contributing to the understanding and implementation of Shariah law within the community, and supporting the development of knowledgeable and competent individuals in this field.

Impact on the Community:

- **Enhanced Public Safety:** The construction of new fire stations, skills training for firefighters, and collaboration with TESDA have all directly improved the community's safety and emergency preparedness.

- **Professional Development:** The skills-sharing and training initiatives have empowered firefighters with new skills, boosting their confidence and capabilities in their roles.

- **Health and Environmental Awareness:** The bloodletting and tree planting programs have positively impacted community health and environmental sustainability, fostering a culture of care and responsibility.

HONORING BRAVERY. CELEBRATING HEROES.

SM PRIME HOLDINGS, INC. in partnership with BUREAU OF FIRE PROTECTION

Search for
TEN OUTSTANDING
FIREFIGHTERS
OF THE PHILIPPINES 2024

- **Youth Empowerment and Civic Engagement:** His work with the Jolo Emergency Rescue Network has inspired and mobilized the youth, encouraging their active participation in community service and emergency response.

- **Cultural and Legal Education:** His involvement in Shariah Law Training supports the education and development of individuals knowledgeable in Islamic law, which is significant for cultural preservation and legal practice within the Muslim Filipino community.

FSUPT SARADAIN's projects and community involvement have created a safer, more engaged, and well-rounded community, with lasting benefits for public safety, youth empowerment, and cultural education.

II. Basic Duties and Functions (to be submitted by the nominee)

Current Rank/Position:

Fire Superintendent (FSUPT)

- Chief, Regional Legal Service
Vice Chairperson – Regl Claims Adjudication Committee
Member – Bids and Awards Committee

a. What are your ACCOUNTABILITIES / AUTHORITY AREAS?

My Accountabilities:

1. **Legal Oversight:** Ensure the provision of legal services and guidance to the regional office and its various divisions, sections, and lower units. It includes making of legal opinion to different legal issues forwarded to the legal service.
2. **Claims Adjudication:** Oversee the fair and impartial adjudication of claims within the regional area.
3. **Bid Evaluation and Review:** Participate in the evaluation and scrutiny of bids for contracts and procurements in accordance with the Philippine Procurement Law.
4. **Policy Development:** Assist in developing and implementing regional management policies and procedures to align with current legal standards and requirements.
5. **Compliance Monitoring:** Ensure compliance with legal and regulatory requirements in all regional operations.
6. **Advisory Services / Legal advice:** Provide legal advice and support to regional management and staff on various issues including policy implementation and compliance with laws and regulations.
7. **Review of Decision:** Examine and review the decisions and works of Investigating Officers (IAS) and decisions of Hearing Officers to ensure legal accuracy and adherence to proper procedure.
8. **Dispute Resolution:** At times, handle legal disputes and conflicts within the region, ensuring timely resolution.
9. **Legal Research:** Conduct research on legal issues pertinent to legal operations and provide informed recommendations based on findings.
10. **Record Keeping:** Maintains accurate records of legal proceedings, and claims.
11. **Drafting Legal documents:** Prepare and Review legal documents, including contracts, agreements, and other legal instruments required by the regional office.
12. **Representation:** Represent the regional office in legal proceedings, negotiations, and other legal matters as needed.
13. **Training and Guidance:** Train regional staff on legal and procurement procedures and policies.
14. **Reporting:** Prepare reports and updates on legal matters, claims, and other relevant activities for submission higher authorities.

My Authority Areas:

1. **Legal Interpretation:** Interpret and apply laws, regulations, and policies relevant to the regional office.
2. **Claims Adjudication:** Authorize the settlement or denial of claims based on adjudication committee recommendations.
3. **Bid Decisions:** Influence decisions on bid awards and contract approvals within the Bids and Awards Committee. Draft resolutions to Motion for Reconsiderations filed by bidders and presenting it to the committee.
4. **Policy Formulation:** Contribute to the formulation and revision of regional management policies.
5. **Policy Advisory Authority:** Provide authoritative legal advice on the development, implementation, and interpretation of regional policies and procedures.
6. **Compliance Enforcement:** Enforce compliance with legal standards and other regulations.
7. **Legal Representation:** Represent the regional office in legal proceedings and participate in the negotiation of contracts and agreements within the region, with the authority to make binding decisions or settlement within established parameters.
8. **Resource Allocation:** Allocate resources for legal services and procurement activities within the region.
9. **Disciplinary Actions:** Review the recommended disciplinary actions as imposed by the regional hearing officer.
10. **Approval of Legal Documents:** Approve or recommend revisions to legal documents, agreements, and contracts as part of the legal review process to ensure they meet the legal requirements and protect the organization's interests.

These accountabilities and authority areas align with the roles of Chief of Regional Legal Service, Vice Chairperson of the Regional Claims Adjudication Committee, and Member of the Bids and Awards Committee.

HONORING BRAVERY. CELEBRATING HEROES.

Bureau of
Fire Protection

b. What are the OUTPUTS of your job?

The outputs of my job include:

1. **Legal Opinions and Advice:** Written legal opinions and advice on various matters.
2. **Claims Resolutions:** Resolutions and decisions on claims adjudicated.
3. **Policy Documents:** Drafts and updates of regional policies and directives.
4. **Compliance Reports:** Reports on compliance with legal requirements and other regulations.
5. **Dispute Resolutions:** Records the outcomes of resolved disputes and legal conflicts.
6. **Training Materials:** Training materials and guidelines for staff on legal and procurement processes.
7. **Legal Records:** Maintained records of legal proceedings and case management.
8. **Contract Agreements:** Finalized and approved contracts and agreements.
9. **Management Reports:** Regular reports and updates on legal matters to regional management.
10. **MR Resolution of BAC:** Drafts the BAC Resolution citing the laws and basis of decision in resolving the MR of bidders and present it to the committee for adoption and approval.

c. What are the main TASKS you carry out to produce these outputs?

To produce the outputs mentioned, I carry out the following main tasks:

1. **Conduct Legal Research:** Investigate and analyze relevant laws, regulations, and case law to provide accurate legal advice.
2. **Review and Analyze Claims:** Examine and assess claims submitted to the Regional Claims Adjudication Committee for resolution.
3. **Evaluate Bids:** Review bid submissions and assess their compliance with requirements which are usually done in bid openings, and participate in the decision-making process of the Bids and Awards Committee. Always be prepared to answer legal or technical queries of both BAC members and Bidders.
4. **Draft Policies:** Develop, draft, and revise regional management policies in collaboration with other stakeholders.
5. **Monitor Compliance:** Oversee and ensure adherence to legal and regulatory requirements within regional operations.
6. **Manage Disputes:** Address and resolve legal disputes and conflicts, including negotiating settlements and preparing legal arguments.
7. **Prepare Training Programs:** Design and deliver training programs and materials to educate staff on legal and procurement procedures.
8. **Maintain Records:** Organize and keep accurate records of legal documents, proceedings, and procurement activities.
9. **Negotiate Contracts:** Engage in contract negotiations and finalize terms to ensure favorable outcomes for the organization.
10. **Generate Reports:** Compile and produce reports on legal matters, claims resolutions, and procurement activities for management review.

HONORING BRAVERY. CELEBRATING HEROES.

- **Challenges: Cite three (3) major challenges you experience in your day-to-day functions.**

Three major challenges I experienced in my day-to-day functions are:

1. **Complexity of Legal Issues:** Navigating and interpreting intricate and evolving legal frameworks can be demanding and requires constant updating of knowledge.
 - Continuous Learning: The legal field is dynamic, with laws and regulations frequently changing. So, I must engage in ongoing education and professional development to remain current.
 - Application of Law: Applying complex legal principles to specific cases or situations can be challenging, particularly when faced with ambiguous or conflicting legal texts.
 - Risk Management: Misinterpreting laws or failing to anticipate legal ramifications can result in significant risks for the organization, including legal disputes or financial penalties.
2. **Conflicting Interests:** Balancing diverse interests and priorities of various stakeholders, such as management, staff, and external parties, can complicate decision-making.
 - Stakeholder Expectations: Balancing the needs and expectations of different parties, such as senior officers, personnel, clients, and regulatory bodies, can be difficult. Each group may have different priorities and perspectives.
 - Ethical Dilemmas: there are situations where the interests of the organization conflict with ethical or legal standards, requiring careful navigation to uphold both legal obligations and ethical principles.
 - Decision-Making Pressure: The need to make decisions that satisfy multiple parties can create pressure and stress, potentially complicating the legal officer's role in providing unbiased and sound legal advice.
3. **Resource Constraints:** Limited resources, including time and personnel, may impact the ability to effectively manage caseloads, conduct thorough research, and provide timely advice.
 - Caseload Management: Heavy caseloads and tight deadlines can strain my capacity to thoroughly review and address each case or issue. This can lead to challenges in maintaining quality and timeliness in my legal work.
 - Budgetary Limitations: Financial constraints may limit access to necessary legal research tools, support staff, or external legal expertise, affecting the quality and efficiency of the legal services that I provide.
 - Workload Balance: Juggling multiple responsibilities, such as legal advising, documentation, training, and committee obligations, can be overwhelming, leading to potential burnout and decreased effectiveness.

Below are some specific work situations where certain skills/attitudes are demanded. Please indicate in the space provided any of the experience(s) and/or relevant skills you have applied in dealing with these situations.

1. **How do you demonstrate a consistent adherence to ethical standards and professional conduct in your daily duties and interactions with colleagues and the community?**

As a firefighter and lawyer at the same time, it is a must for me to demonstrate a consistent adherence to ethical standards and professional conduct. I am bound to adhere to both Code of Professional Responsibility for lawyers, and the Republic Act 6713 or the Code of Conduct and Ethical Standards for Public Officials and Employees. I always see to it that I have a clear understanding of these codes more than anyone else. In fact, I am always the one who taught the newly absorbed Fire Officers 1 about this Code of Conduct and Ethical Standards. I also Regularly review and update my knowledge of these standards. In daily duties, I also ensure transparency, fairness, and integrity in all the decisions and actions that I make. In all my dealing, I foster open communication and lead by example, addressing ethical concerns proactively.

As the legal officer of the Bureau of Fire Protection (BFP), I embody these principles in my daily duties and interactions by:

1. Upholding Integrity and Honesty:

- **Transparent Communication:** Ensure that all legal advice and communications are honest and clear. Avoid misleading information or misrepresentation of facts.
- **Confidentiality:** Safeguard sensitive information and maintain strict confidentiality regarding ongoing investigations, legal matters, and personal data of individuals involved.

2. Adhering to Legal and Ethical Standards:

- **Compliance with Laws and Regulations:** Stay informed about and comply with all relevant laws, regulations, and ethical guidelines governing the BFP and the broader legal framework.
- **Ethical Decision-Making:** Apply ethical principles in decision-making processes, considering the broader implications for the organization and the community.

HONORING BRAVERY. CELEBRATING HEROES.

3. Providing Fair and Impartial Legal Advice:

- **Objective Analysis:** Offer legal advice based on a thorough and objective analysis of the law, without bias or personal interest.
- **Equitable Treatment:** Ensure that all parties involved in legal matters are treated fairly and equitably, upholding the principles of justice and non-discrimination.

4. Fostering a Culture of Respect and Professionalism:

- **Respectful Interactions:** Treat all colleagues, subordinates, and members of the community with respect and professionalism, regardless of their role or status.
- **Promoting Inclusivity:** Advocate for and support policies and practices that promote diversity and inclusivity within the BFP.

5. Engaging in Continuous Professional Development:

- **Ongoing Education:** Pursue continuous learning opportunities to stay updated on legal developments, ethical standards, and best practices in legal and fire service matters.
- **Skills Enhancement:** Regularly evaluate and enhance your skills in areas such as communication, negotiation, and conflict resolution to better serve the BFP and its stakeholders.

6. Handling Conflicts of Interest:

- **Disclosure and Management:** Disclose any potential conflicts of interest and take appropriate measures to manage or resolve them to avoid compromising your impartiality.
- **Avoiding Personal Gain:** Refrain from using your position for personal gain or to benefit others unfairly.

7. Promoting Transparency and Accountability:

- **Clear Reporting:** Maintain accurate and detailed records of legal matters and decisions to ensure transparency and accountability.
- **Addressing Misconduct:** Take prompt and appropriate action if you become aware of unethical behavior or misconduct within the BFP, following established procedures for reporting and addressing such issues.

8. Building Strong Community Relations:

- **Community Engagement:** Engage with the community to understand their legal concerns and work to address them effectively, demonstrating a commitment to public service and community welfare.
- **Public Education:** Educate the community about their rights and responsibilities related to fire safety and legal issues, fostering a better understanding and cooperation.

9. Collaboration and Teamwork:

- **Supportive Work Environment:** Foster a collaborative and supportive work environment by actively engaging with colleagues, offering assistance, and sharing knowledge and resources.
- **Professional Relationships:** Build and maintain professional relationships with external legal entities, stakeholders, and community organizations based on mutual respect and professionalism.

2. Can you provide specific examples of your significant accomplishments and outstanding performance in your role as a firefighter or fire officer over the past three years?

Over the past three years, I have achieved several significant milestones in my role as a firefighter and fire officer. In 2021, I received the Best Provincial Fire Marshal of the Year award for the third consecutive year, an honor bestowed by three different Regional Directors. This recognition reflects my sustained excellence and leadership from 2019 to 2021. Additionally, I was named Senior Commissioned Fire Officer of the Year in 2018 also by different Regional Director, underscoring my long-term dedication and impact in the field.

One of my most impactful contributions in 2021 was the collaboration with TESDA, supported by Memorandum of Understanding, to implement Electrical Safety Installation and Maintenance NCII training for all BFP personnel in Sulu, extending beyond just Fire Safety Inspectors. This program has seen three batches of approximately 46 personnel graduate. The training equips our personnel with critical knowledge of electrical designs and setups, enhancing their ability to conduct comprehensive and informed inspections. This added expertise not only improves safety protocols but also significantly reduces the risk of electrical fires, thereby enhancing overall community safety. This collaboration with MBHTE-TESD is continuing up to this date and even included other relevant training courses.

Additionally, I initiated the "Adopt a Colleague: Driving Skill Tutorial" program, which addresses the shortage of qualified fire truck drivers. By pairing experienced drivers with colleagues who lacked driving skills, we effectively increased the number of licensed drivers within our team. This program has been instrumental in resolving the issue of inadequate drivers, ensuring that our fire trucks are operated efficiently and are always ready for emergency response.

HONORING BRAVERY. CELEBRATING HEROES.

During my mandatory PSOSEC schooling from mid-2022 to 2023, I excelled academically, graduating 4th in my class with the highest academic performance. My research paper, "Development of Gender Parity Model for the Tri-Bureaus of Public Safety," was presented at the 7th Ateneo Graduate School Research and Innovation Conference, and was recognized by them. I also caused the publication of the same, and such research work was also copyrighted. It was also awarded as 2nd Best Paper. This research promotes gender equality within public safety sectors, fostering a more inclusive and effective work environment.

In 2023 and 2024, I spearheaded the drafting of Regional Directive to institutionalize the Blood Letting Program. This directive aims to enhance community health through regular blood donations, creating a lasting impact that improves public welfare and underscores our commitment to health.

Similarly, another Regional Directive formalize the conduct of Tree Growing and Planting Activities, contributing to environmental sustainability. By establishing this initiative, we promote environmental stewardship and support long-term ecological balance.

3. What formal awards, honors, or recognitions have you received from your department, community, or national organizations for your exceptional service and contributions?

I have been honored with several prestigious awards and recognitions that reflect my dedication and exceptional service. In my mandatory trainings, notable among these are the **Dr. Jose P. Rizal Academic Excellence Award** for being top 4 in PSOSEC, and the **NFTI Director Award** for achieving top 2 in FOAC. Additionally, I received also the **Secretary, DILG Proficiency Certificate** for being top 1 in PSBRC. These academic and professional awards highlight my commitment to excellence in my field.

In recognition of my service, I have been awarded multiple medals and honors: one (1) Medalya ng Pambihirang Paglilingkod (Maginoo), two (2) Medalya ng Kadakilaan, one (1) Medalya ng Kagalingan, one (1) Medalya ng Katapatan sa Paglilingkod, three (3) Medalya ng Pagtulong sa Nasalanta, five (5) Medalya ng Kasanayan, and ten (10) Medalya ng Papuri and various commendations. These awards underscore my significant contributions to public service and my consistent performance in various roles.

I have also been named **Provincial Fire Marshal of the Year** for **three consecutive years** (2019, 2020, and 2021). This recognition reflects my leadership and effectiveness in improving fire safety and response in the province, significantly enhancing community safety and resilience during my tenure. Additionally, I was named **Best Senior Commissioned Officer of the Year 2018**, further reflecting my leadership and dedication.

Furthermore, my role as a **presenter for the TAYO Awards** contributed to JERN, Inc. being named a national winner among the Ten Accomplished Youth Organizations in the country. This achievement, along with JERN's receipt of the Coke Barkada Award for volunteerism and the Gawad Kalasag Award, demonstrates the impact of our collective efforts and my role in fostering significant community engagement and resilience."

4. Describe an innovative project, creative solution, or proactive initiative you have implemented that has significantly improved fire safety, operational efficiency, or community engagement.

I have spearheaded several innovative projects that have significantly advanced fire safety, operational efficiency, and community engagement, each addressing specific challenges with creative solutions.

To tackle the issue of insufficient electrical safety training among personnel and considering that common causes of fire are electrical in nature, I negotiated a **Memorandum of Understanding (MOU) with MBHTE-TESD** to provide **scholarship training on Electrical Safety Installation and Maintenance NCII certification** for BFP Sulu. This program addressed the critical gap in technical knowledge, resulting in reduced electrical hazards and enhanced safety protocols. Additionally, the **skills-sharing program on fire safety inspection** went beyond the mandatory training requirements, equipping our team with advanced inspection techniques that improved fire prevention measures. Those who are seasoned and well experienced in fire safety inspection share their knowledge both to the new and old ones who are designated as Fire Safety Inspectors. The **regular radio program 'Talakayan ukol sa Sunog'**, which I mandated all municipal fire marshals in Sulu to make themselves available, also effectively filled the gap in public awareness by disseminating crucial fire safety information to a wide audience, significantly boosting community preparedness and response.

In terms of operational efficiency, I identified and addressed gaps in driving skills and investigative expertise among our staff. The **'Adopt A Colleague' Driving Skill Tutorial Program** resolved issues related to insufficient number of qualified fire truck drivers, aside from the fact that it would also address unsafe driving practices, leading to fewer accidents and improved response times. The **skills-sharing sessions on arson investigation** enhanced our investigative capabilities, resulting in more successful case resolutions. The acquisition of an ambulance from AFPMBAI and new firefighting tools through a request to a Member of the

HONORING BRAVERY. CELEBRATING HEROES.

Parliament, Hon. Narciso C. Yu Ekey, addressed deficiencies in emergency response resources, allowing for quicker and more effective firefighting operations.

For community engagement, I addressed the lack of comprehensive fire safety training and involvement by **organizing CFAG training** across various barangays. This initiative empowered local residents with essential fire safety knowledge and fostered a collaborative approach to fire prevention. Then, we conducted **Fire Olympics (CFAG category)**, and **Fire Safety Expo** that provided interactive and educational platforms that effectively increased community awareness and participation. The **Kiddie Fire Marshals program** and **Fire Safety Youth Squad** creatively involved young residents in fire safety education, addressing the need for early engagement and creating a more informed future generation.

5. In what ways have you actively engaged with the community, participated in outreach programs, or contributed to public education and awareness about fire safety and prevention?

In my commitment to fire safety and public education, I have actively engaged with various community outreach programs. As a guest on BFP BARMM's Live TV Usapang Legal and the "Talakayan Ukol sa Sunog" radio program, I've contributed to raising awareness about fire prevention, reaching a broad audience and addressing critical safety issues in real-time. These appearances have facilitated direct communication with the public, helping to clarify misconceptions and emphasize essential fire safety practices.

Additionally, my face-to-face interactions with random groups of children have been instrumental in fostering early awareness about fire safety. By speaking directly to young audiences, I've been able to impart vital knowledge and instill good habits from a young age. This hands-on approach complements my participation in tree planting and growing activities, which not only supports environmental conservation but also underscores the importance of community involvement in broader safety and well-being initiatives.

My role in the Fire Safety Expo in Sulu and the Fire Square roadshow at Cotabato City Mall has enabled me to reach a diverse group of individuals, enhancing public knowledge through interactive displays and educational talks. These events have significantly contributed to the community's understanding of fire safety protocols and emergency preparedness. Furthermore, as an organizer in the Firefighter Combat Challenge and a guest in the DAS Fire Olympics, I've helped promote firefighting as a profession and foster a spirit of camaraderie and skill development among participants.

Lastly, my involvement as a lecturer on fire safety to the Tactical Operations Group of PAF for three consecutive years has allowed me to delve deeply into specialized training. This ongoing education ensures that critical fire safety practices are integrated into tactical operations, enhancing both individual and team preparedness. Regular blood donation and participation in community relations week events further reflect my commitment to public service and community well-being, solidifying my role as a proactive advocate for fire safety.

6. Why do you believe that you stand out as an exemplary firefighter deserving of this recognition, and how do they embody the values and mission of the Bureau of Fire Protection?

I stand out as an exemplary firefighter deserving of this recognition due to my extensive contributions to fire safety and community service, which align closely with the Bureau of Fire Protection's values and mission. My active involvement in high-impact projects, such as the construction of a three-story fire station building and the activation of six municipal fire stations in Sulu, demonstrates my dedication to improving fire service infrastructure and accessibility.

Additionally, my initiatives, including the Adopt a Colleague Driving Skill Tutorial, skills sharing on fire safety inspection and arson investigation, and the MOU with TESDA for electrical safety installation training, reflect my commitment to advancing professional skills and safety standards within the Bureau. Drafting the regional directive for institutionalizing the bloodletting program and mandating regular tree planting activities further showcases my dedication to fostering a culture of service and environmental responsibility.

My extensive accolades, such as the Dr. Jose P. Rizal Academic Excellence Award, NFTI Director Award, and multiple medals including Medalya ng Kadakilaan and Kagalingan, underscore my exceptional performance and commitment to the fire service. Being named Provincial Fire Marshal of the Year for three consecutive years highlights my effective leadership and contributions to enhancing community safety and resilience. These achievements, combined with my role as a lecturer in Shariah law training and my work with JERN, Inc, reflect my embodiment of the Bureau's mission to protect, educate, and serve the community with excellence and dedication.
